# TelNet IP-PRI

Reliable  
Flexible  
Affordable

## Improve the efficiency of your PBX

### Take your business communications to the next level with TelNet IP-PRI.

#### Boost the effectiveness of your existing PRI-capable PBX equipment

- Leverage your current PBX investment for a cost-effective Voice over IP (VoIP) solution that will provide miles of value

#### Deliver high quality and reliable voice connections

- Modernize legacy solutions, so that your business can thrive in the digital era

#### Save money by only paying for the voice paths you need

- Affordable and flexible, this VoIP solution offers significant cost savings and easy scalability as your business grows

#### Optimize your current internet service provider's bandwidth

- Power PRI voice connections through your own internet connection

TelNet's IP-PRI solution includes unlimited local and intraLATA calling statewide.
